Along with the improvement of the epidemiological situation in the country, after a two-year break Central Statistical Bureau of Latvia (CSB) resumes conducting face-to-face interviews. CSB is inviting everyone who has received an official letter inviting to take part in a survey to be responsive and fill in online questionnaire or arrange suitable time for a telephone or face-to-face interview.

Currently CSB is conducting several population surveys:

[Survey on Internet Usage;](#)

[EU Statistics on Income and Living Conditions survey;](#)

[Personal and Professional Trips of Latvian Residents](#)

CSB interviewers will contact respondents by phone or visit personally. Before the interview, each person included in the survey sample will receive a CSB letter informing about the planned date of the interview and showing interviewer's contacts. Upon arrival, interviewer will show work certificate with a photo.

CSB encourages inhabitants to use possibility of filling in survey questionnaire electronically on the CSB website
