Our consultants will assist you in finding statistical information on Latvia and other countries. We provide consultations as soon as possible and free of charge.

If the required statistical data are not available in the [Official statistics portal](#) (are not included in official statistical programme), however, it is possible to calculate them, the CSB consultant will provide you with an offer for a paid service and will send you the costs and term for preparing the respective data.

The prepared data may be received:

electronically (signed with a secure e-signature) by paying with a transfer;

at the CSB office by paying with a transfer;

via mail by paying with a transfer.
